

## **MOBILIZING MACOMB COUNTY TO TAKE BACK PRESCRIPTIONS**

**Please join us on January 25, 2012  
from 1 p.m. to 3 p.m.  
at the MISD  
Room 202  
to learn how to conduct a  
“Drug Take Back Project”  
with your coalition.**

Dr. Charlene McGunn from the Chippewa Valley Coalition for Youth and Families will provide easy to follow steps on how to coordinate a coalition Drug Take Back event. We will then provide time for each coalition to brainstorm how to do this project in their own community.

**The next DEA Take Back Day is  
scheduled for April 28, 2012, so let’s  
get your community prepared!**

**If your coalition is interested, we  
would like at least 2 members from  
your team to attend.**

**Please RSVP to:**

Nancy.Jenuwine@mccmh.net by

**Thursday, January 19, 2012**

### **ADVANTAGES FOR YOUR COALITION TO PARTICIPATING IN THE DRUG TAKE BACK DAY:**

- Publicizes your coalition to the community
- May increase membership in your coalition
- Fosters a network with law enforcement, media, members of the community, and other coalitions
- Provides a safer community by reducing the number of drugs
- Provides a healthier community by providing an ecological safe means of disposal.
- Provides empowerment to your coalition members and the community—“being part of the solution to a problem”
