Please let us know before October 24th in your registration email if you would like to participate in our pizza lunch (\$5). Feel free to brown bag lunch if pizza is not your choice.

Please join the Macomb Prevention Network for their bi-monthly meeting providing support and resources for local coalitions. We will be focusing on how to use social media tools to share our coalition messages to our networks.

The first part of the presentation will be presented by Ms Amy Kaherl from the MISD. She will set up both a facebook and twitter page so everyone can see the steps involved.

The second part of the presentation will be given by Ms Shannon Cohen from Kent County Prevention Coalition in Grand Rapids. She will be discussing the challenges and successes of their "Above the Influence" campaign. Learn how it has impacted the Grand Rapids community and how your coalition can use this national campaign to enhance your local efforts. For more information on this project please check:
